President’s Message

Dear Quilting Friends,

Do you ever wish you had a fairy godmother? I can think of some things I might wish for. I need one to come into my sewing room, wave her magic wand, and turn all this fabric into wonderful quilts. Just “poof” and there they are! Not happening, but...

We have opportunities to identify with fairy godmothers this year. We can help young and old alike feel loved and supported.

We have already helped some nursing home residents with our wheelchair bags. This is an on-going opportunity to spread joy. Now a pretty wheelchair quilt will delight and keep legs warm.

Can you imagine not having a bed to sleep in? Sleep in Heavenly Peace (SHP) takes care of those. We can identify with a fairy godmother by making a pretty, warm, cuddly quilt to top a twin bed from SHP.

What a joy to bring a smile to a young person’s face and to make them feel loved.

Karla

P.S. I just read that Disney parks no longer call them “fairy godmothers.” They are “apprentices” to be more gender neutral. Somehow, it doesn’t provide the same image or meaning to me.

Upcoming Programs and Workshops

February 13, 2024, 7:00 pm at NEWLIFE Church. Jackie Snyder, Volunteer Coordinator, and Jamie Foster, Fundraising Manager, from Sleep in Heavenly Peace (SHP) will tell us about the mission of their organization and how we can help through our community service projects.

March 12, 2024, 7:00 pm at NEWLIFE Church.

Beth Turner, a local physical therapist and quilter, will discuss ergonomic quilting practices that we can incorporate into our sewing spaces. She will also give exercise ideas for combating muscle fatigue from quilting.

April 9, 2024, 7:00 pm at NEWLIFE Church. Erin Grogan will present **“Finding your Quilty Identity”**. This lecture dives into the discovery of who you are as an artist and quilter. Erin says she has met many wonderful quilters who aren’t sure what they like. They only make quilts from kits or feel they must use what fabric is currently popular. There’s nothing wrong with this approach if it brings you joy, but if you’re looking to grow, this is the lecture for you. Erin breaks down the four different stages of a quilter and shares her process for finding the color palette that represents you.

April 13, Time/Location TBD. Renee Kiddy will be presenting a workshop on three ways to do hand appliqué. **Details on the following page.**

May 14, 7:00 pm at NEWLIFE Church. Cyndi McChesney, author of “Fun with Panels” and “Playful Panel Quilts”, will discuss the process of using panels in various ways. Cyndi shows you how to take that panel you love and turn it into something truly unique. She explains how to work with the different styles of panels and how adding interesting block treatments and borders and filling those pesky open spaces with patchwork or appliqué results in a truly special quilt.

May 15, Workshop with Cyndi McChesney in the Theater Room at NEWLIFE Church. Set up at 9:30 am, Workshop at 10 a.m. The workshop will be limited to 18 participants and each participant is required to purchase either “Fun with Panels” or “Playful Panel Quilts”. She will bring books to purchase, or you can buy them ahead of time on Amazon. **The Supply List can be found on page 4.**
